Re: Proposal
Preliminary Assessment
Environmental Conditions
Wright Ave, Oakwood Village

Dear Ed:

CREtelligent (CREt) is pleased to present this proposal for a preliminary assessment of environmental conditions along Wright Ave.

INTRODUCTION

During a recent meeting at your office, we heard concerns from Council President-elect Erica Nikolic regarding possible contamination of soil along Wright Ave associated with nearby industries. This proposal has been prepared to begin gathering data that might be able to help better understand that concerns raised.

SCOPE OF WORK

We have developed a scope of work that includes the following specific services:

INTERVIEWS

We are proposing to interview residents along Wright Ave and other nearby streets to better understand their concerns. During these interviews we will gather basic demographic data (age, gender, etc.). We will ask residents questions about where they have lived and worked now and historically. We will also attempt to gather information about other habits that might affect exposure to environmental contaminants. We will also ask residents to describe any concerns they have related to local environmental conditions. We will also ask residents if they have any health concerns. Response to any and all interview questions will be voluntary.

A questionnaire will be developed and used so that consistent and uniform information is collected. Residents will be requested to complete this, or another, questionnaire prior to the interview. It is likely that we will walk the neighborhood, particular properties of residents who have agreed to interviews prior to in person interviews. That reconnaissance will help guide the interview process.

Interviews will be conducted a location convenient for residents. We would propose a location at the Village Hall or even your office. Audio and/or video recording of the interviews might be conducted.

DESKTOP RESEARCH

After the interviews are completed and results reviewed and compiled, we will continue our research to understand possible sources of environmental contamination in the area. We will use an outside data contractor to compile a list of properties/businesses within a to be determined radius of the affected area. These data will include a list of businesses that have activity that has been reported to state, federal, and local environmental authorities. The search area will be developed using an understanding of prevailing winds. We will also perform a visual reconnaissance from public roadways in the area to assess completeness of the data provided by the data vendor.

SAMPLING

CREtelligent is proposing to collect representative soil samples from the neighborhood to begin to develop an understanding of existing conditions. Soil samples will be collected from the near surface and from a depth of approximately 12 inches at each location. The study area will initially focus on properties east and west of Wright Ave between Forbes Road and North Lane. The study area may be adjusted based on the results of interviews and research described above.

This proposal includes costs for collection of two samples from each of 15 locations. Samples will be collected using properly decontaminated tools into laboratory supplied and prepared containers appropriate to the proposed analytical program. Samples will be maintained in an iced cooler under strict chain of custody until delivered to the analytical laboratory.

It is anticipated that samples will be submitted to Summit Environmental in Cuyahoga Falls Ohio. At this time, we are proposing to request samples be analyzed for the following metals via EPA Method 6010D:

- Selenium
- Vanadium
- Arsenic
- Tin
- Barium
- Lead
- Hexavalent Chromium
- Trivalent Chromium
- Copper

This list is subject to change based on the results of our research and interviews. The parameters listed above are, however, typically what one might expect to be discharged to air from the types of industries in the area.

Sampling locations will be restored by placing soil back into the excavation/hole. Topsoil and grass seed will be spread over each location. We are not proposing any ongoing maintenance or watering of samples areas.

PROJECT MANAGEMENT AND REPORTING

At the conclusion of the work described above we will prepare a report. The report will include a summary of work completed and detailed review of the results. The report will not name any resident specifically but will refer to interviewees in a generic sense. The report will include photographs, figures and other exhibits as appropriate.

We will also include recommendations. As discussed during our meeting, should our results suggest that there is some widespread impact we would recommend that the results be provided to the County Board of Health and/or the Ohio EPA.

ESTIMATED COST 1

CREt has prepared the following budget for this project, based on the scope of work described herein:

Task	Estimated CREt Cost	Estimated Expenses	Estimated Laboratory Cost	Total Estimated Task Cost
Interviews	\$6,000			\$6,000
Desktop Research	\$1,000	\$500		\$1,500
Soil sampling	\$2,000	\$1,000	\$7,000	\$10,000
Reporting and project management	\$5,000			\$5,000
TOTAL ESTIMATED PROJECT COST				\$22,500.00

This budget includes the following assumptions:

- Interviews will be conducted at a location to be provided by the Village. Two full days have been budgeted for interviews.
- Soil sample locations will be marked in the field. We expect the Village Engineer will provide us a drawing for our report documenting sample locations.
- If, after completing interviews, modifications to the list of laboratory analytes seems appropriate we will prepare a modified scope of work and advise any budgetary impacts prior to proceeding.

All work will be completed in accordance with the attached terms and conditions.

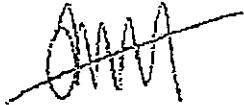

SCHEDULE

We are prepared to begin scheduling interviews immediately upon receipt of authorization to proceed. We will also commence the desktop research task immediately upon receipt of authorization to proceed. Soil sampling will be scheduled once the interviews and research are completed. Soil sampling will require snow and frost-free conditions. The soil sampling will take approximately one week to complete. Once the soil samples are collected, laboratory analysis will require approximately one week. Altogether, it is anticipated that this project will take 6 to 8 weeks to complete, contingent upon weather and other conditions beyond our control.

CREtelligent appreciates the opportunity to propose on this important project. Please do not hesitate to contact the undersigned with any questions or comments.

Regards,

CRETELLIGENT

EMERGENCY SOLUTIONS

This purchase agreement (together with all attachments referenced herein, collectively, the "Agreement"), made and entered into by and between Atlantic Emergency Solutions, Inc., a Virginia corporation ("Atlantic"), and Oakwood Village Fire Department ("Customer") is effective on the last signature date set forth on the signature lines below (the "Effective Date").

- 1. Purchase and Payment.** Customer agrees to purchase and Atlantic agrees to sell to Customer the fire apparatus (and any associated equipment) furnished by Atlantic to Customer (hereinafter referred to, collectively, to as the "Apparatus") as more fully described in the specifications attached hereto as Exhibit A (the "Specifications") and incorporated herein for the total purchase price of \$1,139,828.00 USD (the "Purchase Price"). Payment shall be made as set forth on Exhibit A. In the event of a conflict between the Specifications and any request for proposal, request for bid, or other Customer provided or drafted documents, the Specifications shall control. The Purchase Price does not include any applicable state, local, and/or transit rates of sales and use tax. Any discount(s), whether implied or explicit, will be applied upon delivery, acceptance, and final invoicing of Apparatus.
- 2. Changes to Specifications.** If, subsequent to the Effective Date of this Agreement: 1) the manufacturer of the Apparatus (or a manufacturer of a component therein) makes design and/or production changes, including, but not limited to future drivetrain upgrades (such as engine, transmission or axle upgrades) ("Manufacturer Modifications"); or 2) design or production changes are made to the Apparatus to comply with any applicable government regulation (such as the Federal Motor Vehicle Safety Standards or the Environmental Protection Agency Emissions Standards) or industry standards (such as those adopted by the National Fire Protection Association) (cumulatively referred to hereinafter as "Compliance Modifications"), and if there is an increase in costs to Atlantic as a result of Manufacturer Modifications or Compliance Modifications, the Purchase Price shall be automatically adjusted to reimburse Atlantic for said costs. Atlantic shall make reasonable efforts to advise the Customer of such changes within a reasonable time and provide documentation to support any changes in price to Customer upon request. In addition, Customer and Atlantic may agree to make changes to the Specifications, but any such changes must be by written change order signed by Customer and Atlantic ("Change Order"). However, in the case of Manufacturer Modifications or Compliance Modifications resulting in additional costs to Atlantic, Atlantic may execute Changes Orders without joinder of Customer, and any such Change Orders shall be binding on Customer. Atlantic shall not be liable to Customer for any delay in performance or delivery arising from any Change Order.
- 3. Persistent Inflationary Environment.** If the Producer Price Index of Components for Manufacturing [www.bls.gov Series ID: WPUID6112] ("PPI") has increased at a compounded annual growth rate of 5.0% or more between the month Pierce accepts our order ("Order Month") and a month 14 months prior to the then predicted Ready For Pickup date ("Evaluation Month"), then pricing may be updated in an amount equal to the increase in PPI over 5.0% for each year or fractional year between the Order Month and the Evaluation Month. Atlantic will document any such updated price for the Customer's approval before proceeding and provide an option to cancel the order.
- 4. Cancellation or Default by Customer.** In the event that Customer cancels its order or otherwise breaches this Agreement by reason of non-payment or otherwise prior to delivery, Atlantic shall be permitted to retain possession and ownership of the Apparatus and shall not be obligated to deliver same to Customer. In addition, Atlantic and Customer agree that if such Customer breach were to occur, it would be difficult to determine actual damages to Atlantic. Customer acknowledges and agrees that: 1) the Apparatus is a unique and highly customized vehicle, made specifically for Customer; 2) Atlantic has invested a significant effort and incurred significant expense in the design and engineering of the Apparatus for Customer; and 3) due to its unique and customized nature, resale of the Apparatus will be difficult to a third-party without a significant loss to Atlantic. As a result, Atlantic and Customer agree that Thirty Percent (30%) of the Purchase Price is a reasonable estimate of the damages that would be incurred by Atlantic if a breach occurred in the future and shall be due and payable to Atlantic by Customer in the case of such a breach. Customer and Atlantic agree that this amount of liquidated damages is fair and reasonable and would not constitute a penalty to Customer. In the event of non-payment by Customer subsequent to delivery, Atlantic may recover full possession of the Apparatus by any lawful means, and shall be entitled to any additional damages sustained by Atlantic as a result of any diminution of value of the Apparatus resulting from use or damage thereto to the extent that such damages exceed the liquidated damages above. Atlantic shall have and retain a purchase money security interest in the Apparatus to secure payment of the Purchase Price and all other sums owed by Customer to Atlantic. In the event of nonpayment by Customer of any debt, obligation or liability now or hereafter incurred or owing by Customer to Atlantic, Atlantic shall have and may exercise all rights and remedies of a secured party under the Uniform Commercial Code Secured Transactions (UCC) provisions as adopted by the Commonwealth of Virginia. In addition, Atlantic shall be entitled to recovery from Customer all of Atlantic's reasonable attorneys' fees and all costs of collection resulting from non-payment or other non-performance hereunder by Customer.

5. Delivery, Inspection and Acceptance. (a) Delivery. It is estimated that the Apparatus shall be ready for delivery F.O.B. (Ohio, Macedonia) within 46-48 months from the Effective Date of this Agreement, subject to delays caused by the Customer, delays caused by Change Order(s) or delays provided for in Paragraph 10 below. Due to global supply chain constraints, any delivery date contained herein is a good faith estimate as of the date of this order/contract, and merely an approximation based on current information. Delivery updates will be made available, and a final firm delivery date will be provided as soon as possible. Atlantic shall advise Customer when the Apparatus is ready for delivery. (b) Inspection and Acceptance. Upon delivery, Customer shall have fifteen (15) days within which to inspect the Apparatus for substantial conformance to the Specifications. In the event of substantial and material non-conformance to the Specifications, Customer shall furnish Atlantic with written notice sufficient to permit Atlantic to evaluate such non-conformance ("Notice of Defect") within said fifteen (15) day period. If the Apparatus is not in substantial and material conformance with the Specifications, any material and substantial defects shall be remedied by Atlantic within thirty (30) days from the Notice of Defect. In the event Atlantic does not receive a Notice of Defect within fifteen (15) days of Delivery, the Apparatus shall be deemed to be in conformance with the Specifications and fully accepted by Customer.

6. Notice. Any required or permitted notices hereunder must be given in writing at the address of each party set forth below, or to such other address as either party may substitute by written notice to the other in the manner contemplated herein, by one of the following methods: 1) hand delivery; 2) registered, express, or certified mail, postage prepaid, return receipt requested; or 3) nationally-recognized commercial overnight courier.
